MASTER FLUID SOLUTIONS APPOINT NEW TECHNOLOGY MANAGER

With business increasing year on year for Master Fluid Solutions in Europe, the company is underpinning this growth with the appointment of a Technology Manager. The individual chosen for this role is Mark Powell who will work under the direction of Monte Dhatt, Managing Director – Europe.

Mark holds a degree in Medicinal and Pharmaceutical Chemistry and joins Master Fluid Solutions after various roles in the pharmaceutical, engineering and food ingredient industries.

Since 1990 dedicated development of metalworking fluids for the European market, as well as regional sales and technical support, has been provided by Master Fluid Solutions' European headquarters in Needham Market in Suffolk.

This operation remains the centre of excellence for product development and to provide capacity for this work, investment continues in its laboratory facilities. The operation also provides technical support for the company's growing network of distributors throughout Europe.

Needham Market will therefore be Mark's base where he will manage the European laboratory and related technical functions.
