

## TRIM® C118

### Synthetic Metalworking Fluid

The stable and predictable performance of C118 makes it an excellent choice for precision grinding operations on ferrous materials, glass, ceramics, and composites.

#### TRIM® C118 ADVANTAGES:

- Clear color and clean running
- Extremely low foam and mist
- Low residue and carry off
- Excellent performance in ferrous grinding applications
- Keeps grinding wheels clean
- Easy to maintain and provides long sump life
- Excellent corrosion protection
- Great tramp oil rejection
- Settles fines quickly for ease of filtration

TRIM C118 is an easy-to-maintain synthetic metalworking fluid for a broad range of grinding operations such as O.D, Blanchard, I,D, and surface grinding where a low foam, clean running fluid with high cooling is required to achieve quality surface finishes and close tolerance parts.

#### FORMULATED WITHOUT THE USE OF:

- Chlorine
- Sulfur
- Nitrites
- Phosphorus
- Siloxane

#### AVAILABLE SIZES:

1-gallon jug  
SKU: C118-1G  
UPC-12: 641238081708

5-gallon pail  
SKU: C118-5G  
UPC-12: 641238081722

54-gallon drum  
SKU: C118-54G  
UPC-12: 641238081739

270-gallon tote  
SKU: C118-270G  
UPC-12: 641238081746
